

Addendum #4 to SJPC-SPF-12072021 – December 7, 2021

Answers to Potential Bidders' Questions

- Q1:** I found another gate that is called out on sheet #5 with a comment but is not labeled and not included on the bid sheet. It is about 4 inches to the right of G2 on the sheet.
- A1:** That is an existing gate that is being removed and replaced with fence in the contract. It is not a new gate.
- Q2:** How much vegetation gets cleared for the Replacement of Security Perimeter Fence at Balzano Marine Terminal?
- A2:** The vegetative removal is not well defined. For bidding purposes, it appears as though approximately 6,000 SF will need to be removed, but this shall be verified by the contractor prior to the work.

Please see the file "3965X001 - Balzano Security Fence 12-6-21.pdf" for a revised drawing set.
